IDF Global

Attn: Sunil Kumar

Dear Sunil

On behalf of Leighton Contractors, I wish to express our gratitude to IDF Global and for your assistance recently with some urgent perspectives and impressions we needed for a tender application. As this project was highly sensitive and very important to us, the last minute inclusion of the drawings was an essential part of the presentation to our client.

I wish also to acknowledge the assistance of your project manager, Paul Bryant who worked with our engineers to achieve such an outstanding result in a very short time.

Thank you again.

Yours sincerely

Patrick Abbott

Communications Manager

Leighton Contractors Western Region
